

# Voyage Care

*Supported Living  
and Outreach*

# What we do

We support people who live in their own homes.

This could range from one to one support 24 hours a day to a less intensive support package.

We have experience of supporting groups of tenants to live together in their own home.

We will talk to you and people close to you about what is important to you and how you want to be supported.

We can support you to reach your goals.

You will have your own support plan.

We will work with you to choose the people who will support you.

The people who support you will be trained to meet your needs.

# Your money

We will work with you to produce a plan of how we will support you, called an Individual Service Agreement.

You can pay for your support using an Individual Budget payment, if you receive one.

We can support you to find out how to access benefits.

If you want we can also support you to manage your money, work out a budget and pay your bills.

Each local authority has its own way of organising Individual Budgets.

Your care manager will be able to give you more details.

As well as paying people to support you, you can use your money for other things.

- Buying equipment to make it easier for you to live in your home.
- Taking part in activities.
- Paying for a holiday rather than using respite care.
- Paying for people to help you look after your home, such as gardeners or window cleaners.
- Paying for things to keep you fit.

# Somewhere to live

We often know about available tenancies in different parts of the country.

We can support you to contact landlords and arrange viewings and meetings.

We can assist with managing your tenancy and looking after your home, if you wish.

You will need to think about lots of things when you choose your home.

- How much you want to pay each week.

- What you want your home to have, such as a garden or wheelchair access.

- What size property you want.

- What area you would like to live in.

- Whether you want to be close to shops, friends and family, public transport and things to do.

- Whether you want to live on your own or with other people.
